A total of 120 credit points (CP) must be completed for the degree (certificate) in the Master's program Biodiversity, Evolution Ecology 2023. These are to be completed as follows:

- Introductory module (15 CP)
- Supplementary area (50-60 CP)
- Project area (15-25 CP)
- Master's thesis (30 CP)

The Introduction Module (15 CP) is compulsory. It is graded indifferentiated (only graded pass/fail).

In the Supplementary Area (depending on how many LPs are completed in the Project Area), the successful completion of 50-60 CP must be proven. Upon application and approval by the Examination Board, subject-related modules from other Master's programs amounting to a maximum of 15 CP can be included in the Supplementary Area.

In the Project Area (depending on how many CP are completed in the Extension Area) 15-25 CP must be completed. The research project module of 15CP is compulsory; it is graded indifferentiated (i.e. only graded pass/fail). In addition, the voluntary project module of 10 CP can be completed; it must be graded differentiated (i.e. with a specific grade). Upon application and approval by the Examination Board, the research project and project may be completed externally.

The Master's thesis with accompanying colloquium is also compulsory and is graded by two examiners. The Master's thesis can be completed externally upon application and approval by the Examination Board (see "Application for external conduction").

I hereby declare, that I have successfully completed all coursework and examinations required for graduation in accordance with §13 of the Study and Examination Regulations for the Master's degree program Biodiversity, Evolution, Ecology of the Department of Biology, Chemistry, Pharmacy at Freie Universität Berlin dated March 21, 2023.

Furthermore, I hereby declare that I have not definitively failed any other university within the scope of the Basic Law in the same degree program, in the same subject or in a module that is identical or comparable to one of the modules to be completed in the Master's program Biodiversity, Evolution, Ecology and to be taken into account in determining the overall grade or that I have definitively failed any examinations or am currently in a pending examination procedure.

Berlin,
Date of the last completed examination
